

Dear Clients, Families, Stakeholders and Community Partners:

Willowstone Family Services' priority is always the health and safety of the individuals and families we are privileged to employ and to serve. As our community, and our country, unites to work through this extraordinary time together, Willowstone Family Services will follow the guidance provided by state and federal government entities to prevent the spread of COVID-19 while continuing to help our clients through these challenging times.

- Beginning immediately through March 29, 2020, Willowstone staff will work remotely, and our office will be closed to the public.
- We will reassess that decision on March 29th and every two weeks thereafter for as long as it takes.
- Willowstone Staff will remain available via phone, email and other forms of technology for counseling and parent support visits.
- Willowstone.org will continue to provide updates, resources and education, and our social media channels will be updated with new information as it is received.

We feel confident in our continued ability to support all of our clients and community partners. Our caring thoughts are with our community members and families as we navigate this challenge together.

Best regards,

Jenni Murtaugh
Executive Director
